The 2011 Award Categories:

The National Ability Awards honour Kenyans who have overcome seemingly-insurmountable challenges and recognize groups and organisations that demonstrate leadership and commitment to enhancing accessibility, inclusion, universality and the elimination of any barriers that may impede the full participation of persons with disabilities in community life. Any disability (visually impaired, intellectually disabled, hearing impaired, physically disabled and children with disabilities), as well as a broad range of inclusionary activities for these disabilities, may be considered for each award category. Certainly, each disability area is unique and faces specific challenges. Improvements in accessibility and inclusion, regardless of the specific disability, ultimately benefit all community members.

Award Categories

Lifetime Achievement Award recognises a person who has advanced the rights of persons with disabilities over a prolonged period of time.

Youth Ability Award recognises a young person aged 12-25 years who have overcome diversity and / or advanced the rights of people with disabilities. *(In collaboration with Action Network for the Disabled – ANDY)*

Community Leader Award recognises a person who has worked so hard at the local grassroots level to make a difference to the quality of life of persons with disabilities in their community. There are so many unsung heroes and we want to recognize them.

NATIONAL ABILITY AWARDS recognises private sector corporations that have improved access to their business for their disabled customers and/or created increased employment opportunities for persons with disabilities.

Social Inclusion Award recognises organisations for persons with disabilities, schools, universities, employment and training providers, NGOs, capacity building and advocacy services that have shown leadership by enabling equal participation and given persons with disabilities a vital voice. *(Sponsored by Handicap International)*

Infrastructure, Building and Transportation Award recognises a county, constituency, township, municipality or an architect, developer, builder, or group that has removed barriers and created easy access allowing for the full inclusion of persons with disabilities through public infrastructure changes (roads, crossings, pavements, buildings) and/or made life just a little easier through disability friendly transportation.

Sport, Health and Wellbeing Award recognises sport, health and wellbeing programs / services that are creating equal access for persons with disabilities.
